- **Status of available marketing facilities in this district:**

2. Deputy District Officer (DDO)

- Yield range of existing crops

Major Crops									
Yield range									
Minor Crops									
Yield range									
Fruits									
Yield range									

- Which factors of production can be improved for enhancing yield of crops?

- What is the status of market access in this district?

Markets	No.	Location
Grain		
Fruit		
Vegetables		
Sugar mills		

- At which level agencies provide inputs (fertilizer, pesticide and seed) to farmers? Select by tick

- Fertilizer: 1) district level 2) Tehsil level 3) Union council level 4) Markaz 5) village level
- Pesticide: 1) district level 2) Tehsil level 3) Union council level 4) Markaz 5) village level
- Seed: 1) district level 2) Tehsil level 3) Union council level 4) Markaz 5) village level

- Is there any agency which participates in dissemination of agriculture information? If yes then to what extent?

3. Agriculture Officer (AO)

- Percentage of farmers which obtains good yield of crops_____
- Percentage of farmers which obtain low yield of crops_____
- Percentage of educated farmers_____
- Percentage of farmers which are in contact with extension department_____
- Percentage of farmers having facility of internet_____
- Which agencies are involved in agriculture sector in terms of supplying inputs?

Agencies(Input dealers)	Location
Fertilizer	
Pesticide	
Seed	

4. Input Dealers

Pesticide dealer

Name: _____ Location: _____

- Percentage of farmers which use pesticide _____
- Percentage of farmers which already have the knowledge of pesticide use _____
- Percentage of farmers who buy the pesticides on the advice of dealers _____
- Percentage of farmers which obtain good yield of crops by use of pesticide _____

Fertilizer dealer

Name: _____ Location: _____

- Percentage of farmers which use fertilizer _____
- Percentage of farmers which are already aware of use of fertilizer for crops _____
- Percentage of farmers who buy the fertilizer on the advice of dealers _____
- Percentage of farmers which obtain good yield of crops by use of fertilizer _____

Seed dealer

Name: _____ Location: _____

- Percentage of farmers which use new variety _____
- Percentage of farmers which are using their own seed of old varieties _____
- Percentage of farmers which you suggest for new variety of seed _____
- Percentage of farmers which obtain good yield of crops by use of new variety _____
